I see a lady wareing a headdress with a feather on it. Also she might be a actress or dancer. She is also wareing neckless and fluffy dress. But now the face look's like a man's face! And the hair a wig!

I see a beautiful lady turning her head to her right. She has on a big furry shawl. She seems to have beautiful curly short locks of brown hair. A feather upon her head I see. She looks as if she is royal. I know I would love looking as pretty as her!
